Kelley:

We do agree with Dave Russell's comments. Our comments were in addition to Dave's.

Hi [Ex. 4 - CBI]

Per the attached e-mail - the R3 lab (Cindy Coporale) has passed your comments onto Dave Russell (R3 Biologist) for review. However, they are asking for clarification as to whether you are in agreement with Dave's validation report.

Do we have final agreement on the final qualifiers? If so - [Ex. 4 - CBI] should be able to proceed with entering the qualifiers in Scribe - right? If not - we need to have a call with the folks at Ft Meade ASAP.

Please touch base to let me know where we stand.

Thanks again for following up on this - Kelley

Hi Kelley,

Yes I received it but the format is not presented as a change request. Do those comments in red mean that these are items SERAS identified but it wasn't in the validation report? Or does this mean SERAS agrees with the validation report? I forwarded to Dave anyway since he might understand better than me.
